The Declaration of Covenants, Conditions, and Restrictions of Oakwick Forest Estates, as recorded in Book 819, Pages 844 through 851 of the records of Fort Bend County, and changed as recorded in Book 2590, Page 160, have now been changed as follows:

- 4.02 Change 2500 square feet to 3000 square feet.

ARTICLE FOUR

YES NO 4.02 Change 2,500 square feet to 3,000 square feet.

COMMENTARY-All new homes built in the past several years are already in excess of 3000 square feet. This would maintain the integrity of the neighborhood. Existing homes would be "grandfathered".

YES NO 4.16 (Add) A commercial type dumpster must be on property from commencement of construction to final inspection by the Architectural Control Committee. The penalty for violating this restriction is \$30 per day.

COMMENTARY-Without a dumpster, the property becomes unsightly. Also, we have had considerable problems with trash (paper, plastic, etc.) blowing onto neighbors property and onto streets and ditches. The penalty amount is reasonable and must be stated in order to make this part enforceable.

YES NO 4.02 Change 2,500 square feet to 3,000 square feet.

COMMENTARY-All new homes built in the past several years are already in excess of 3000 square feet. This would maintain the integrity of the neighborhood. Existing homes would be "grandfathered".

YES NO 4.16 (Add) A commercial type dumpster must be on property from commencement of construction to final inspection by the Architectural Control Committee. The penalty for violating this restriction is \$30 per day.

COMMENTARY-Without a dumpster, the property becomes unsightly. Also, we have had considerable problems with trash (paper, plastic, etc.) blowing onto neighbors property and onto streets and ditches. The penalty amount is reasonable and must be stated in order to make this part enforceable.

YES NO 4.02 Change 2,500 square feet to 3,000 square feet.

COMMENTARY-All new homes built in the past several years are already in excess of 3000 square feet. This would maintain the integrity of the neighborhood. Existing homes would be "grandfathered".

YES NO 4.16 (Add) A commercial type dumpster must be on property from commencement of construction to final inspection by the Architectural Control Committee. The penalty for violating this restriction is \$30 per day.

COMMENTARY-Without a dumpster, the property becomes unsightly. Also, we have had considerable problems with trash (paper, plastic, etc.) blowing onto neighbors property and onto streets and ditches. The penalty amount is reasonable and must be stated in order to make this part enforceable.
